ACCEPTABLE USER & USE POLICY

The Azerbaijan Research and Education Networks Association (AzRENA) network is a computer network connecting the major government organizations, institutions and academician institutes. The Association is public for academic and education institutions. Connection to AzRENA's education network is limited to the following organizations:

- Universities;
- Institutes for higher educations;
- Research institutes;
- Libraries;
- International organizations working in education and their programs

The communication and information services provided to these institutions include full Internet connectivity and are intended both for the staff and the students of the connected institutions. AzRENA is not providing any kind of connectivity including dialup access for individuals, even for staff or students of the above mentioned organizations.

Other organizations could be connected to AzRENA network temporary for testing and developing advanced networking technologies and applications.

Any organization operating in the Azerbaijan Republic and abroad, working in the field of organization and usage of computer networks, can become a member of AzRENA. Everybody of AzRENA's member has a number of advantages presented in "membership" section.
