

Draft

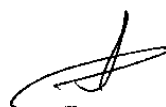

11/09/2002

Acceptable User & Use Policy KazRENA - network by the Republic of Kazakhstan.

1. The Kazakstany Research and Educational network KazRENA is the national computer network for higher education and research in the Republic of Kazakhstan.
2. Connecting to the KazRENA - network is restricted to the following organizations:
 - Universities
 - Academic hospitals
 - Institutes for higher professional education
 - Research institutes
 - Scientific libraries
 - Public Libraries
3. The communication and information services provided to these institutions include full Internet connectivity and are intended only for the staff and the students of the connected institutions.
4. The international facilities may not be used by commercial entities except as specified in (5) below.
5. Within approved technological projects, other organizations in the Republic of Kazakhstan are allowed to connect to the KazRENA-network for the sole purpose of testing and developing advanced network technologies and applications.
6. Within approved projects for national development, other organizations and individuals are allowed to connect to the KazRENA - network for the purposes of the project. Their use of the international SILK facilities may not be commercial. Such development projects must be specifically approved for use of the KazRENA-network, and a list of such projects must be available to the SILK Board.
7. In some cases, the types of international usage made by users in (5) and (6) may be constrained to a subset of full Internet connectivity. Information on such constraints must be available to the SILK Board.

The Chairman of Board

of KazRENA association

Rakhman A. Alshanov
